c. Interest free (grace) period: Interest free credit period could range from 15 to 45 days subject to submission of claims by the merchant. However, this is not applicable if the previous month's balance has not been cleared in full or if the Card holder has availed of cash from any ATM.

Illustrative example for grace period calculation: For a statement for the period 1st January to 31st January, the payment due date is 15th February.

Assuming you have paid back your previous month's dues in full, the grace period would be:

For a purchase dated 1st January, interest free grace period is 1st January to 15th February i.e., 45 days, for a purchase dated 31st January, interest free grace period is 31st January to 15th February: 15 days

Thus, the grace period can vary depending upon the date of the purchase. However, if you have not paid the previous month's balance in full, then there will be no interest free period, including on the new purchases, if any.

d. Finance charges (interest charges):

- Interest will be charged from the date of transaction, until the date of settlement, if you (the words "you" and "your" refers to the DCB Niyo Global Credit Card holder or account holder) do not pay the previous outstanding dues in full.
- If a part payment is made, there would be no interest free period and interest charges would be applicable (including on fresh purchases, if any) and calculated basis the average daily balance method.
- Your rate of interest initially is 3% per month (or 36% annualised per year). DCB Bank can choose to revise the rate periodically, based on DCB Bank's revision of Base Rate.
- All charges are dynamic and are subject to change based on DCB Bank's periodic review.

Illustrative example for interest calculation:

Assuming you spent INR 5,000 on 15th January. You repay INR 500 on 25th February (after the payment due date). Assume that you have missed your first month bill payment; the bill generated in the subsequent month will have the due date same as the bill generated date. You spend INR 10,000 on 25th February and repay INR 14,500 on 16th March (after the payment due date). You make no further payment till 31st March. In this example, the interest and charges are explained in the table hereunder:

Narration	Date	Amount in INR	Interest in INR	Outstanding balance in INR
Opening balance on 1st January	01-Jan	-	-	-
Transaction done 15th January	15-Jan	5,000	-	5,000
Bill generated on 31st January & Due on 18th Feb	31-Jan			5,000
Late payment charge on 19th February	19-Feb	500		5,500
Repayment on 25th February	25-Feb	(500)		5,000
New transaction 25th February	25-Feb	10,000		15,000
Interest calculation on 1st March	01-Mar		259.40	15,259.40
Bill on generated on 28th February & due on 18th March	28-Feb			15,259.40
Repayment on 16th March	16-Mar	(14,500)		759.40
Late payment charge on 19th March	31-Mar	500		1,259.40
Interest calculation on 1st April	01-Apr		226.50	1,485.90
Bill on generated on 31st March & due on 18th April	31-Mar			1,485.90

- On 31st January, there is no interest charged, because of the interest free credit period
- On 28th February, interest is calculated as follows:
 - Balance INR 5,000*41 days (from 15th January to 24th February)/ 365 days* 36% per annum: INR 202.19
 - Balance of INR 4,500*4 days (from 25th to 28th February)/ 365 days* 36% per annum: INR 17.75 total interest for February:
 - INR 202.19 + INR 17.75: INR 219.95
 - Balance of INR 10000*4 days (from 25th to 28th February)/ 365 days* 36% per annum: INR 39.45 total interest for February: INR 202.19 + INR 17.75 + 39.75: INR 259.40
- On 31st March, interest is calculated as follows:
 - Balance of INR 4,500* 15 days (from 1st to 15th March)/ 365 days* 36% per annum: INR 66.58
 - Balance of INR 10000* 15 days (from 1st to 15th March) / 365 days* 36% per annum: INR 147.95
 - Balance of INR 759.4*16 days (between 16th March & 31st March)/ 365*36% per annum: INR 11.98
 - Total interest for March: INR 66.58 + INR 147.95 + INR 11.98: INR 226.50

Note: This example does not include government taxes/ levies (including service tax, GST, any/ all applicable taxes from time-to-time).

- e. **Late payment charges:** Are applicable on the DCB Niyu Global Credit Card if the minimum amount due remains unpaid after the payment due date. Late payment charges are levied based on the outstanding amount (adjusted for payments/refunds/reversed transactions as and when credited) after the payment due date and not on the total amount due.

Illustrative example for calculation of late payment charges:

Assume you receive a statement for the period 16th October to 15th November, with payment due date of 3rd December, for an outstanding balance of INR 1,000. You need to pay at least the minimum amount due i.e., INR 50 in this example by the payment due date (3rd December), to ensure that no late payment charges are levied. If you fail to do so, then late payment charges of INR 100 would be levied on the card as the outstanding amount is less than or equal to INR 1,000. (Late payment of INR 500 will be charged if the outstanding is more than INR1,000). Thus, in this example, if you make the payment only on, say 10th December, INR 100 will be levied as a late payment charge. This charge will also be applicable if you make a payment of less than the minimum amount due (INR 50, in this example) by the payment due date.

2. Withdrawal Limit or Credit Limit & Cash Withdrawal Limit:
